

# “Biodiversity in the Basin” Photo Contest

The Ohio River Basin covers 205,000 square miles across 14 states that drain into the 981-mile Ohio River. To celebrate this incredible region, the Ohio River Basin Alliance, the Pittsburgh Water Collaboratory, and the Thomas More University Biology Field Station are showcasing the “Biodiversity in the Basin” with a photo contest!

## ELIGIBLE PHOTOS:

- Any photos taken in the Ohio River basin featuring plants, animals, or other organisms.
- Photos may include humans.

## ENTRY:

- On Facebook, Instagram, or the form at [tmuky.us/photocontest](https://tmuky.us/photocontest) (QR below).
- Up to 5 entries total per person across all submission methods.

**DEADLINE: JULY 1, 2025**
